

GHANDOUR LAW, LLC REGISTRY EVENT FOR WENDY

Thousands of patients with blood cancers could be cured with a blood stem cell donation from a genetically matched donor. 70% of patients do not have a fully matched donor in their family, so that's where you come in. We need as many people to join the registry to give patients like Wendy and their families hope for a cure.

DATE 8/22/2019

TIME 5:00PM - 7:00PM

LOCATION 319 SW WASHINGTON ST.
SUITE 301, PORTLAND
